

2009 – 2010 Student Exit Surveys

What I liked about NCCA.

- I liked that I got a second chance to pass high school. All the teachers were nice and very helpful to me. (AY-Litt)
- What I liked about the charter academy is the fact that it was only 3 hours and I could get in and get my work done. Also I liked the charter academy because like myself I'm not good at sitting in a classroom for 7 hours out of my day and listening to a teacher talk or to be honest even doing there work. At the charter school there isn't very many people here so it's not hard to focus at all and if you need help they are right there to help you. (VC-Litt)
- I liked the convenience of the programs they used. Teachers card vs. just doing their jobs. (ME - Litt)
- Something I liked about NCCA was that it was easy for me to set a goal and get my work finished to graduate. Plus the teachers are always willing to help when you get stuck. (BR-Lanc)
- Everything was great. I liked how it was quiet and nobody was able to distract me so I got my work done and finished school as soon as possible. (CV-Lanc)
- NCCA helped me very much. I was on the wrong track and NCCA helped me turn around and graduate. I liked being able to work at my own pace and having help at all times. (JB - Lanc)
- I liked it because it was hard for me to learn in a regular classroom and this was a good alternative. (CH-Lanc)

- I liked many things about NCCA from the teachers and staff to the three hours daily, it is pretty safe to say there isn't more than a select few things I didn't like. (DL-Lanc)
- Everything, how I got to work at my own pace, the environment, the teachers. (CD - Lanc)
- NCCA allowed me to work at my own pace and to stay focused on my goals. Not only was I able to do that but I was also able to maintain a full time job and keep up with my other responsibilities. (NC- Litt)
- Worked on the computer. Worked at my own level and pace. (FC-Litt)
- I like that this school is three hours long and it allows me to have a full time job. I like how $\frac{3}{4}$ of my school work is on the computer and you do everything at your own pace. All the teachers are nice and are willing to give you a hand and help you with whatever you need. (RR-Litt)

- I liked everything about Charter Academy, easy to focus and stay on track and get the work done. (ZP-Litt)

What I disliked about NCCA.

- I didn't like to have to keep on taking tests over and over to get a better score. (AY-Litt)
- What I didn't like about the school is only the fact you couldn't listen to music or talk. Talking I do understand a lot of people like it when it is silent. But then again some people like it better listening to music because they can get a lot more done. I remember being in a public school, I would get loads of homework I would go home put music in and be all set. Maybe in the future you could consider letting people listen to their headphones. (VC-Litt)
- The room was a little too crowded and we couldn't eat. (ME-Litt)
- I only disliked some people not doing their work and talking making it hard for me sometimes to concentrate. (BR-Lanc)
- Nothing. (CV-Lanc)
- I work better when I could listen to music and I could not, other than that NCCA is great. (JB-Lanc)
- Well I love talking, but there wasn't really talking allowed. (CH-Lanc)
- Well for me I have trouble sitting in one spot for long periods of time. Sitting at the computer for three hours got kind of boring. (JJ-Litt)
- The only thing I disliked about the NCCA was the fact that we couldn't listen to music, I feel that being able to listen to some music could have helped me maintain focus for longer periods of time. (DL-Lanc)
- Need more music! (availability to take music classes in the curriculum) (CD-Lanc)
- Honestly, a 15 minute break once a week is a little .."lack luster." (NC-Litt)
- Internet sometimes did not work. Sometimes I lost my work and I would have to start over again. (FC-Litt)
- Nothing! This school is way better than regular high school. (RR-Litt)
- I didn't like the English writing assignments! (JR-Lanc)
- It is only 3 hours a day (good thing), but it is constant work with no break. The drive for me is annoying. (TK-Lanc)
- My one really long course. (RC-Lanc)
- It was only 3 hours. I had to stop halfway in a class. (CR-Lanc)

- There really wasn't one thing. (JK-Lanc)
- There is no lunch. The chairs hurt my back. (BS-Lanc)
- Course selection is minimal. I would hope to see more in the coming years. Other than that the school is great. (DO-Lanc)
- I really didn't have a problem with anything here. (ND-Litt)
- I personally liked everything about NCCA. (SK-Lanc)
- That I couldn't listen to music because music helps to keep me concentrated. (DK-Lanc)

- I had no social life like I did at the high school. (LA-Lanc)
- I found some tutorials were a bit long or repetitive, maybe shorten some a little other than that though there was nothing much I disliked about the program. A few links didn't work, but nothing big. (SL-Lanc)
- My biggest dislike was the spelling and vocab weekly. It takes a lot of time that I could have used on my other programs. I also didn't find it truly effective. (TS-Litt)
- N/A (MM-Litt)
- The three hours in one chair, and not being allowed to interact socially. (JM-Litt)
- The one thing I can say was the fact that I couldn't listen to music which would have kept me a bit more under control but other than that the rules here aren't bad there pretty legit. (MK-Lanc)
- Nothing. (KS-Lanc)

What suggestions I might have for improvement.

- Should have break more than once a week, should be allowed to go outside for a walk with permission from a teacher. (AY-Litt)

- Music. (JB-Lanc)
- I'm not sure what to do to improve the place to be honest. (CH-Lanc)

- Nothing. (FC-Litt)
- Nothing really other than just having one break a week. (RR-Litt)

- I think the school is pretty good how it is. (TR-Lanc)
- More cowbell (joke sat night live). (RC-Lanc)
- More computers for other students, maybe another school. (CR-Lanc)
- I suggest that there should be at least a five to 10 minute break everyday to just get up and stretch. (KR-Litt)
- I think you guys run this place great. Allow Ipods. (DG-Lanc)
- Wider variety of people could be accepted in. I know all my friends back at Colebrook academy would enjoy the environment. (TP-Lanc)
- The students could talk a little less, so other student can focus on their work. (AG-Lanc)
- Nothing. (MB-Lanc)
- Add 1 or 2 more breaks to the week. (TH-Litt)

- Shorten some tutorials possibly. Fix some of the links that don't work. (SL-Lanc)
